

THE T6 SOS-PEDESTAL:

The tallykey T6 SOS-pedestal is a perfect supplement to an existing tallykey installation, or it can be used stand-alone for situations, where only an SOS-point is required.

As standard, the T6 SOS is prepared for both fire extinguisher and life buoy, and as an option a LED T6 style lamp can be fitted at the top.

Please ask your tallykey distributor or contact tallykey A/S for more information.

Technical specifications

- Dimensions: (WxBxH) 50x26x145 cm. Weight: 15-18 kg.
- Colour: SOS red, RAL3002.
- Prepared for 6 kg. fire extinguisher, max. size Ø147 x L500 mm.
- Prepared for life buoy Ø710/440 mm, thickness: 105 mm. IMO & 96/98/CE approved.
- Can be delivered with a low-energy LED lamp at the top.
- Standard mounting-flange for concrete.

The T6 SOS is delivered without the fire extinguisher, as testing and control routines should be attended by a local supplier.

The life buoy is not included, but can be supplied upon your request.

The T6 SOS can hold a fire extinguisher internally.
Furthermore, it can be delivered with a life buoy, mounted on the outside.
